

## Home Assignment <1>: Log in to Salesforce

### Learning Objective:

Learn how to log in to Salesforce using Playwright with TypeScript.

### Expected Completion Time:

Best Case: 10 minutes

Average Case: 15 minutes

### Assignment Details:

Your task is to print the title and url of a web page using Playwright.

### Precondition:

- Launch Chromium in non-headless mode
- Create a new browser context.
- Open a new page within the browser context.
- Load the url <https://login.salesforce.com/>
- Use your Salesforce credentials that you've created

### Requirements:

- Enter the username.
- Enter the password.
- Click the Login button.
- Wait for 10 seconds
- Print the page title and the current url of the page
- Close the browser

### Expected Outcome:

Upon completion, you should be able to:

- Successfully login to the application followed by printing the current URL and page title.
